BRP limited warranty covers the watercraft for one year.

*Electronic brake, neutral and reverse.

RXP®-X® 300

Feature Highlights

Rotax® 1630 ACE™ - 300 Engine

The Rotax® 1630 ACE - 300 is the most powerful Rotax® engine ever, delivering high efficiency and the best-in-class acceleration.

T3 Hull™

A deep-V design that provides unmatched control and precision for the sharpest turns and unrivaled handling.

Ergolock™ System

A narrow seat profile with deep knee pockets lets riders sit naturally and use the leg muscles to hold onto the machine for more control.

Racing Handlebar with Adjustable Riser

A telescopic steering system that optimizes the experience for varying rider sizes.

Trim Tabs

Limits bow rise and improves performance in all water conditions.

Adjustable Rear Sponsons

Improves lateral stability and is 3-position adjustable for different rider preferences and conditions.

Trailer (optional)

- Fully adjustable carpeted bunks (side-to-side/front-to-back) allow you to change bunk angles to fit all watercraft.
- Custom frame design requires less water to load and unload watercraft.
- Sealed maintenance-free wheel bearings for added peace of mind.
- All models are available with a galvanized frame for extended life in all weather conditions or in a painted black version, with or without Marine Jack.
- Move I Extended 1250 and Move II are also available in an aluminum frame, that delivers better corrosion resistance to significantly extend life of trailer.

Aluminum MOVE II

Aluminum MOVE I Extended 1250
